

Lab equipment in need of a little TLC?

Need calibration, certification or maintenance on your water quality instruments?

ClearTech is working with the Saskatchewan Association of Rural Water Pipelines to offer instrument service during SARWP's 2018 Annual Conference on December 4th & 5th at the Park Town Hotel in Saskatoon.

ClearTech's qualified service technician will provide optical cleaning, an operation check, primary standard calibration and certification.

Turbidimeters:

2100P or 2100 Q \$175.00

TB200 or TB250 \$68.00

Colorimeters

Pocket Colorimeter II \$90.00

DR 800 \$130.00

SC400 / SC450 / MD100 \$43.00

Please call for pricing on other instruments.

It's quick, it's convenient and you get to save the shipping costs.

Just drop off your instruments at the start of the Conference on December 4th and they'll be ready for pick up on your way home.

Call us at 1-800-387-7503 or orders@cleartech.ca to pre-book.
